Collecting pupil and parent/carer information

Generally, the information we hold will have been provided by pupils and parents/carers (e.g. information inputted into our management information system or when we communicate with you), but we may also hold information provided by third parties where this is relevant to your own circumstances. Whilst the majority of the pupil and parent/carer information you provide to us is required by law, some of it is provided to us on a voluntary basis. In order to comply with the UK GDPR, when requesting information, we will inform you whether you are required to provide certain pupil information to us or if you have a choice in this.

Storing pupil data

We hold pupil and parent/carer data for the duration your child is at the school. When your child transfers to secondary school their school file will transfer with them; a copy will not be held by the Trust.

Any information held by the Trust which does not form part of the school file will be kept for as long as necessary to fulfil the purposes we collected it for, including for the purposes of satisfying any legal, accounting, or reporting requirements. Details of retention periods for different aspects of personal information are available upon request. After this period, we will securely destroy or anonymise personal information in accordance with data protection law.

Who we share information with

We routinely share pupil and parent/carer information with:

- Schools that your child attends after leaving us
- Our Local Authority
- The DfE
- Schools and academies within the Trust
- Our catering provider
- Our Speech and Language provider
- Other third parties we may engage the services of for the purpose of providing a public task or the administration of the Trust, for example our safeguarding monitoring software, our management information system provider.

Why we share information

We do not share information about our pupils or parents/carers with anyone without consent unless the law and our policies allow us to do so. We share pupils' data with the DfE on a statutory basis. This data sharing underpins school funding and educational attainment policy and monitoring.

We are required to share information about our pupils with the DfE under regulation 5 of The Education (Information about Individual Pupils) (England) Regulations 2013. To find out more about the data collection requirements placed on us by the Department for Education, for example the obligation on us to complete and return the school census, go to <https://www.gov.uk/education/data-collection-and-censuses-for-schools>.

The National Pupil Database (NPD)

The NPD is owned and managed by the DfE and contains information about pupils in schools in England. It provides invaluable evidence on educational performance to inform independent research, as well as studies commissioned by the DfE. It is held in electronic format for statistical purposes. This information is securely collected from a range of sources including schools, local authorities and awarding bodies.

We are required by law to provide information about our pupils to the DfE as part of statutory collections such as the school census and early year's census. Some of this information is then stored in the NPD. The law that allows this is the Education (Information about Individual Pupils) (England) Regulations 2013. To find out more about NPS, go to <https://www.gov.uk/government/publications/national-pupil-database-user-guide-and-supporting-information>.

The DfE share information about our pupils from the NPD with third parties who promote the education or well-being of children in England by:

- Conducting research or analysis
- Producing statistics
- Providing information, advice and guidance

The DfE has robust processes in place to ensure the confidentiality of our data is maintained and there are stringent controls in place regarding access and use of the data. Decisions on whether DfE releases data to third parties are subject to a strict approval process and based on a detailed assessment of:

- Who is requesting the data
- The purposes for which it is required
- The level and sensitivity of data requested; and
- The arrangements in place to store and handle the data

To be granted access to pupil information, organisations must comply with strict terms and conditions covering the confidentiality and handling of the data, security arrangements and retention and use of data.

For more information about the DfE's data sharing process, please visit: <https://www.gov.uk/data-protection-how-we-collect-and-share-research-data>.
